

Statement of Environmental Policy

J.M Grail General Engineering Ltd and Grail Laser Profiles Ltd is committed to preventing pollution in so far as is reasonably practicable in all business activities associated with the services we provide to our customers.

We have identified our significant environmental aspects, which provide a framework for establishing and reviewing the Company Environmental Objectives and Targets. We are committed to continually improving our Environmental Efficiency to ensure complete compliance to all applicable Legal requirements, as well as other requirements pertinent to our specific Environmental Aspects. In particular we will also promote Environmental Best Practice to enable our clients to improve their own environmental performance.

In order to meet the requirements of this policy we will:

- manage and reduce our own environmental aspects and impacts.
- undertake regular reviews of our operations, measure and maintain our existing environmental performance and where possible make improvements.
- undertake environmental risk assessments in order to identify significant environmental aspects and impacts.
- provide technically competent services and professional solutions that help to conserve and protect the environment.
- raise environmental awareness with our staff, suppliers, subcontractors, clients, end users, and those other organisations with whom we have contact.
- consider sustainable criteria, and encourage the use of sustainable resources, designs and practices over the whole life cycle of the services we provide.

We are serious about the policies we have declared. These have been established and agreed and endorsed by the Directors of our Company. We have documented and implemented a Business Management System, compliant with the requirements of BS EN ISO 9001:2015 and BS EN ISO 14001:2015.

Managing Director
